PROD-5

MEMORANDUM FOR: Deputy Director/Intelligence

SUBJECT: CRR Report on Its Implementation of Coordination Responsibilities

1. At an IAD luncheon held while you were in the hospital, Kirkpatrick described the forthcoming exercise relating to revision of the NSCID's. At that time I understood him as asking each of the AD's to provide a report describing the success with which their respective Offices had conducted coordinating responsibilities within the community and the problems still faced in this field.

2. Later, while I was talking with the IG on another subject, he asked again that I provide a report along these lines. I told him that such a report was in draft stage and that he could expect it within the near future.

3. Please forward the enclosed report, if you concur with it and its covering memorandum. I feel that all of us who participated in its preparation profited from this review and evaluation of our efforts.

OTTO E. GUTHE
Assistant Director
Research and Reports

Enclosure:

Memorandum for Mr. Kirkpatrick
and General Truscott from AD/RR
together with subject report.

Distribution:

Orig and 1 - Addressee
2 - AD/RR
1 - Ch/E
